OUR NEXT STEPS

- Winter 2017 rollout of a centralized, formal internal employee mentoring/peer-to-peer program
- Spring 2018 rollout of a formal community-based mentoring and education program

WORKING WITH MWM

The MWM IT team has helped set us on the correct path to navigate the mentorship tools available to us through MWM and set a base for revitalizing our mentorship program. As we attend conferences offered by MWM, we are gaining valuable information and resources to help us on our mentorship journey.

“As a company primarily staffed with women, we have a significant opportunity to educate about STEM in the communities in which our employees reside.”

Rebecca Haley, VP, Human Resources, Genesis Rehab Services
